Practice Management Workshop Designation

Children's of Alabama designates this live activity for a maximum of 5.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Practice Management Workshop Accreditation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Medical Association of the State of Alabama through the joint providership of Children's of Alabama and the Alabama Chapter-AAP. Children's of Alabama is accredited by the Medical Association of the State of Alabama to provide continuing medical education for physicians.

Practice Management Workshop Learning Objectives

Upon completion of this live activity, a participant will be able to:

- Describe the role that reinforcement plays in shaping culture and leadership style • Discuss the choice he/she has in his/her own attitude as either a thermometer or thermostat and how this affects the people and culture around him/her • Describe the role of humor and perspective as powerful tools in changing the world around us
- Discuss why data security is important to a practice • Describe meaningful changes that he/she can make on a budget • List the top ten things that can be done to increase his/her practice's data security posture
- Discuss how technology can assist in communicating more effectively and improving patient/parent relationships • Discuss how to improve efficiency and timeliness of services • Describe how to use patient surveys to change negative aspects of practice and monitor new processes • List tips on dealing with angry patients in order to improve relationships
- Describe the role of a scribe in the pediatric clinic setting and how to implement a new workflow • Evaluate the business case for using scribes in the pediatric office • Discuss how scribes improve efficiency of the medical home model.
- Recognize the importance of patient recall and the present state of low performance exhibited in most practices • Design a practice recall process to improve preventive care response • Assess the impact of an improved patient recall strategy on a clinical and financial level
- Assess whether his/her policies and procedures may be unwittingly impeding patient access to the practice • Consider strategies to improve relationships in his/her medical neighborhood • Devise improvements to his/her practice's care coordination workflow.

★ Loss Prevention Seminar - (separate CME provided by ProAssurance - more details will be sent later)

—Sponsored by ProAssurance Indemnity, AL-AAP Pediatric Partner

3:00 p.m. – 5:00 p.m. **Out of Bounds: Previous Claims Under Review**—*Brandy Boone, JD, Senior Risk Resource Advisor; George Newton, JD, Starnes Davis Florie, LLC*

Attendees will hear liability concerns of personally and professionally stepping out of bounds, and learn ways to help them “stay in the game.”

Physicians: Participation in this loss prevention seminar may qualify you for premium credit if you are in attendance for the full two-hour program and are insured by ProAssurance. Questions regarding any applicable premium discounts should be directed to ProAssurance. You may call 800-282-6242 and ask for your Policyholder Services Representative or Policy Specialist.

★ Registration and Reception in the Exhibits

5:00 p.m. - 6:30 p.m. Featuring an Oktoberfest celebration!

★ Special ACES Movie Screening: RESILIENCE: THE BIOLOGY OF STRESS AND THE SCIENCE OF HOPE

6:30 p.m. - 7:30 p.m. Chronicles the promising beginnings of a national movement to prevent childhood trauma and treat toxic stress

Saturday September 28

CME Information

For Saturday/Sunday *September 28-29*

★ Topics & Learning Objectives

Upon completion of this live activity, the participant will be able to:

The Business Case for EPSDTs

- Identify financial and clinical reasons of why a focus on well visits benefits your practice and your clinicians
- Review strategies to increase his/her well child visit numbers

The Five Biggest Business Mistakes Pediatricians Make

- Evaluate the impact of common business mistakes on his/her practice
- Formulate an effective response or change to the practice to address the mistakes
- Analyze the changes for continued improvement to the practice and quality of care

Child and Adolescent Health in Alabama: A Public-Private Partnership

- Discuss the 2020 strategic priorities for child health outlined in the Title V – MCH Block Grant
- Describe how Alabama pediatricians can collaborate with the Alabama Department of Public Health (ADPH) on child and adolescent health priorities.
- Discuss how Alabama pediatricians can participate in the Title V – MCH Block Grant statewide needs assessment

The Bridge Between Pediatricians and School Nurses in Alabama

- Discuss established best practices to improve school nurse-pediatrician/family physician communication in Alabama
- Describe the role of the school nurse in Alabama in caring for children at school
- List ways to incorporate the school nurse into the medical home model
- List educational topics that Alabama pediatricians can help facilitate/adapt for use in Alabama schools

Putting Your Trauma Lens On

- Define the three characteristics of a caregiving relationship necessary for healthy attachment
- Recognize the most common symptoms of trauma in children
- Identify seven resilience skills that should be supported in children
- Formulate a strategy to respond to children who present with trauma symptoms

ACEs Screening and Intervention Strategies for the Practicing Pediatrician: T.I.P.s from the Field

- List different screening tools and strategies to implement screening
- Discuss what pediatricians, providers, and staff can do to start to address toxic stress of childhood with kids and families
- Describe how to become more trauma-informed quickly and efficiently
- Discuss barriers to screening and intervention and learn strategies to overcome barriers

Tobacco in the 21st Century: E-Cigarettes, Vape, and JUUL

- Provide an overview of electronic cigarettes/vape devices
- Review the scientific evidence of the health effects of electronic cigarettes
- Discuss the public health impact of electronic cigarettes
- Review current recommendations for addressing youth electronic cigarette use and exposure in clinical practice

Strategies for Talking with Vaccine-Hesitant Parents

- Apply new knowledge to use in discussions with vaccine-hesitant parents
- Describe the architecture of vaccine conversations with parents in order to promote more effective and efficient communication.

Hey CHAMP, What's a Pediatrician Supposed to do About Headaches?"

- Identify three situations in which neuroimaging is clearly indicated (always recommended)
- Describe why and how pediatric headache disability should be assessed
- Develop a Migraine Action Plan, including a headache diagnosis and evidence-based prevention and acute treatment strategies based on a clinical scenario

Vaccine Safety: Separating Myth from Reality

- Describe vaccine safety surveillance mechanisms in the United States
- Differentiate fact from fiction regarding vaccine-adverse events

Ankyloglossia and the Role of Frenulotomy in Children

- Recognize the symptoms of ankyloglossia in children
- Describe the indications for lingual frenulotomy in children

★ **Designation** Children's of Alabama designates this live activity for a maximum of 10.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Accreditation This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Medical Association of the State of Alabama through the joint providership of Children's of Alabama and the Alabama Chapter-AAP.
